## RETRACTION NOTE TO: ASSESSING SEISMIC SOIL LIQUEFACTION POTENTIAL USING MACHINE LEARNING APPROACH

Ramazan Borujerdi, A. (2023). ASSESSING SEISMIC SOIL LIQUEFACTION POTENTIAL USING MACHINE LEARNING APPROACH. *Journal of Civil Engineering, Science and Technology*, *14*(1), 14-25. https://doi.org/10.33736/jcest.4982.2023

DOI: 10.33736/5666.2023

The author wishes to retract this paper due to the late discovery that the data used and results presented were previously published, and takes full responsibility for the error. As a result, the integrity of the research presented in the paper has been compromised, and the editors believe it is necessary to retract the paper from publication.
