GARDEN PLUS +

Given how close the school is to the site, it gives the idea of designing a playful space for the youth.

With children as the target user, the modular structure needs to have multiple functions while bringing liveliness to the garden.

Mini garden promote gardening skill while enhance the rock garden being a "garden".

Music promote interest and interactive plays.

Picnic and sitting promote gathering at luxury time.

The passage promote view, and perhaps photography activities.

Left pictures captured inside the school.
